## BE ADVISED

Product photography and illustrations have been reproduced as accurately as printing technologies permit. To ensure the highest level of customer satisfaction, and to maintain proper expectations, we strongly recommend you view an actual sample for best color, wood grain, and finish.

The styles, product availability, and construction may vary slightly from those shown in this catalogue and your samples due to material availability, design evolution or changes, and varying characteristics of wood.

Specifications are subject to change without notice. Our customer service and sales support teams are available to verify availability and specification for all our products.
